Welcome to New Jersey Perinatal Associates. You have been scheduled for an appointment in our offices.

The doctors in our practice are Board Certified in Obstetrics and Gynecology with specialty training in Maternal –Fetal Medicine (high-risk pregnancies). Your doctors have requested that we provide consultative services during your pregnancy. Please read through the enclosed information in order to facilitate your visit with us.

Medical History

We would like to know about your medical history. Please fill out the following Health Information Form for that purpose.

Genetic and Family History

As part of our routine evaluation, we will ask you about your family and the father of the baby's family. If there is someone in the family with birth defects, intellectual disability or a significant genetic disease or if your ethnic backgrounds indicate that you are at risk for genetic disease in your child, it may be beneficial for you to have a thorough consultation.

Ultrasound Examination

If you are pregnant, we may be performing an ultrasound examination of your pregnancy at the time of your visit.

A full bladder **is necessary** for first trimester screening (11 weeks - 14 weeks), chorionic villi sampling (CVS), amniocentesis, targeted anatomic survey (i.e., Level II ultrasound). We would recommend <u>one</u> 8 oz glass of non-carbonated fluid, finished about one hour prior to the ultrasound. Do not urinate. Fasting is not required.

A full bladder is generally <u>not</u> required for a transvaginal ultrasound prior to 11 weeks of pregnancy, an ultrasound after 22 weeks of pregnancy, a non-stress test (NST), or a biophysical profile (BPP).

Insurance Coverage

Please completely fill out the enclosed patient information form to assist us in processing your insurance claims. As always, you need to inquire with your insurance company before your visit to verify that the specialty services we provide are covered under your policy. In many cases, preauthorization from your primary obstetrician is needed before your appointment. If copay is required for specialist visits, payment will be expected at the time of your visit.

If you have any questions, please do not hesitate to call our office prior to your appointment.

Sincerely,

New Jersey Perinatal Associates, LLC
